DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 6/20/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent 6,247,055 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-10, 13-22 and 25-32 are allowed. The following is an examiner's statement of reasons for allowance: the member specific network address is linked to its corresponding member, and not to the computer on which that member may be running. A client will only need to use the member specific network address to reconnect to the member, regardless of where it may have been restarted. Thus making the task of tracking down the network address of a particular member that has been restarted on a different computer simple.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
